

Copyright agreement

Title of Contribution(“Work”): Algebraic embeddings of smooth almost complex structures

Author(s): Jean-Pierre Demailly, Hervé Gaussier

Name of Publication: Journal of the European Mathematical Society

1. The Author hereby transfers, for the duration of the copyright period, to the Publisher the copyright of the Work named above and consents that the Publisher has the exclusive right to publish and distribute the Work throughout the world, including offprints, reprints, electronic form (offline, online), licensed photocopies, microform editions, document delivery and secondary information sources such as abstracting, reviewing and indexing services.
2. The Author warrants that the Work has not been published before in any form except as a preprint, that the Work is not concurrently submitted to another publication, that all authors are properly credited, and generally that the Author has the right to make the grants made to the Publisher complete and unencumbered. The Author also warrants that the Work does not libel anyone, infringe anyone’s copyright, or otherwise violate anyone’s statutory or common law rights.
3. The Author may use his/her own material in other, non-commercial publications provided that the original publication by the Publisher is credited in the following manner: “First published in [Publication] in [volume and number, or year], published by the European Mathematical Society”, and the copyright notice in proper form placed on all copies.

This form is to be signed by the Author(s) or, in the case of a “work-made-for-hire”, by the employer. If there is more than one Author, then either all must sign the Copyright Agreement, or one Author may sign for all provided the signer appends a statement signed by all the Authors that attests that each Author has approved this agreement and has agreed to be bound by it.

Date:Sept. 12, 2017 Name: Jean-Pierre Demailly

Hervé Gaussier
